Mission:

Established in 1928, the Nomenclature Committee provides advice to Society members on problems regarding taxonomy and nomenclature.

Information Items:

(1) The Committee has been assisting the Editor of the Journal of Mammalogy with manuscripts involving descriptions of new species as well as those containing extensive taxonomic revisions.

(2) The Committee also reviews synonymies and nomenclature for Mammalian Species.

(3) The Committee has organized a workshop for the 2022 meeting titled “Describing a new species of mammal and constructing a synonymy.”

(4) The Committee continues to field requests for information from the Publications Committee and via the ASM website.

Respectfully submitted,
Ryan W. Norris, Chair
